Smart comfort:
Clean and fresh
air for ultimate
wellness

Kios
Air Conditioning

Enjoy purified and healthy air with powerful cooling for a truly comfortable experience, all complemented by energy efficiency.

Discover a new dimension of **clean, fresh, and healthy air**. Thanks to the **6-in-1 Healthy Filter** and **optimal humidity levels**, Kios ensures a consistently **comfortable environment**, allowing you to breathe easily and enjoy life!

The product is designed to face exceptionally high external temperatures while **minimizing energy consumption**, allowing you to enjoy fresh air without compromising on **sustainability**.

With its innovative air conditioning features, **enhanced safety**, and functionality, Kios provides you with a **personalized** and 360-degree **comfort experience**.

Extra Safety

Pure & Healthy Air

/ 6-in-1 ealthy filter

Our filtration system captures impurities, neutralizes odors, and releases beneficial ions for fresh air.

/ Superior hygiene

The system autonomously detects reduced filter performance and notifies when cleaning is needed.

/ Fireproof electrict control box

The expanded electronic board space enhances safety and maintenance for smooth, reliable operation.

Enduring Quality

Long Lasting Performance with Ariston technologies

/ Golden Fin Anti-Corrosion

It ensures greater durability and product cleanliness over time.

/ Self Diagnostics

It can self-detect errors, displaying the code and suggesting actions on the panel.

/ Filter cleaning reminder

It detects filter issues and notifies you to maintain clean air functions.

Sustainable Performance

Strong Cooling & Energy Efficiency Functions

/ ECO Mode function

Optimize your comfort and cuts energy use by 30% compared to full capacity.

/ Strong cooling

Experience reliable cooling in up to 60-degree conditions with an air-cooled control box.

/ Low Watt

Kios minimizes energy usage at just 370W for the 5K model, without compromising performance.

Advanced Comfort Features

Customized Experience

/ Smart Air Flow

«Shower-style» airflow directed upward, ensuring an even and pleasant temperature distribution.

/ 4D Swing

Adjustable via remote control, it allows you to optimize airflow for a personalized cooling experience.

/ Sleep Mode

Comfortable sleep environment by adjusting settings to prevent cold sensations during the night.

/ Ideal Humidity

Humidity levels within the ideal range of 40-60%, improving temperature perception, skin hydration, and breathing.
